U. S. MAY MASTER ALL DIFFICULTIES

This "by Virtue of Their Innate Energy and Resourcefulness."

Amsterdam.—(Copyright N. Y. World.)
—German nerves are badly shaken by America's proof of her ability to send yast numbers of troops across the Atlantic without a mishap. So discomfited prophets are now endeavoring to distract public anxiety with claborate statistics intended to proye that though the American troops have arrived safely at the front it will be impossible, owing to the scarcity of tonnase, to keep them supplied with requisite food and eautyment. Capt. Fersius, the naval critic, more candid than the average newspaner writer in Germany, raises a warning voice against such prophecies and rakes the prophets with sarcasm for their past false predictions. It is deplorable, he thinks, that so little attention was paid to what the German admiral. You Trunnet, said in July, 1915, when he wrote that those who attached little importance to the breach with America would experience the same surprise as those who underestimated the effect of England's country.

Persius himself, has no doubt about

Persius himself has no doubt about America's energy and resources. He

"The question we should now be asking is, whether the Americans, by virtue
of their innate energy and resourcefulness, shall not be able to overcome all
the difficulties that may arise?"

Each one, he circumspectly adds, may
answer the question for himself though
he leaves little doubt that his own anwer is in America's favor. swer is in America's favor.

"Reif deception," he declares, "produces only harm. We must not give way to lighthearted optimism. We do not want any longer to be fed with fillusions." In conclusion, he says, it would be well for the Germans not to disregard what Admiral Benson said to Premier Lloyd George: "The United States is heart and soul in this war and will stake all its resources of men, ships and labor to win it."

CONTENDING TICKETS WAGE HOT FIGHT

Huntsville in Throes of Interesting Political Scramble Over Mayor and Aldermen.

Mayor and Aldermen.

Huntsville Ala., Sept. 5.—(Special.)—
Huntsville may pretty nearly always be counted upon to play a very interesting game of politics when a city election is on, although the late Jere Murphy was elected without opposition years ago and made a good mayor, and at the last city election T. T. Terry was elected without opposition, and has proved his ability as a good busines mayor.

But now things are different and the city is in the three of a bot political contest for mayor, president of the council and eight aldermen.

At first Hon. Henry Chase was waited upon and urged to make the race for mayor by a large number of citizens, and for a few weeks everything went quietly, some voters claiming Mr. Chase would have no opposition.

A few weeks had elapsed when the "citizens" committee "held a rousing meeting and nominated candidates for mayor and a full ticket.

At present both sides are claiming victory, and the contest is being waged earnestly by each candidate.

The following men are candidates on the "Good Government league" ticket: Henry Chase, mayor; M. R. Murray, president of the council; V. S. Betts, W. B. Orgain, A. R. Steele, C. B. Wilbur, J. Jacoby, S. O. Holmes, L. P. Cohen and Ed Burweil, aldermen.

The "City Law Enforcement league" is composed of the following men: W. T. Hutchens, mayor; E. T. Terry, president of the council; W. L. Wall, George Wilson, Henry Brafford, R. G. Moore, Dr. Praser L. Adams, R. L. Sparkman, Judge Morgan Stewart and W. H. Fowler.

Empire Press union should use its in-fluence to secure better, quicker and cheaper facilities for the dissemination of news throughout the empire from British sources and such co-operation as the government may give, should be limited to assisting in the provision of such facilities."

The resolution as offered included all

The resolution as offered included all The resolution as offered included slithe British dominions, but on representation by the South African delegates that they must depend for much news on Dutch sources and on an objection from the Australian and New Zealand delegates the resolution in the above form was applied to Canada only and was passed without the words 'from British sources' for the other dominions. The original resolution evidently referred to news supplied to Canada by way of the United States.

The final clause limiting government

way of the United States.

The final clause limiting government assistance is aimed at a scheme recently proposed to the Empire Press union and unanimously rejected that a permanent press bureau be established in London for supplying news to British newspapers everywhers. Apart from the newspapers' painful association with the press bureau there is universal chiefton. news for themselves.

WAR WORK CONFERENCE TO BE HELD NEXT WEEK

Workers to Meet Here Tuesday and Wednesday to Make Plans for Campaign.

Nashville, Sept. 5. — (Special.) — In rder that no obstacle might be thrown in the way of the new 18 to 45 draft law registration set for Thursday, Sept. 12, the war work council of the Y. M. C. A. and affiliated organizations in the first united war work campaign to be conducted this fall, have advanced the dute of the Tennessee state. organization conference to be held at Chattanooga, to Tuesday and Wednes-day, September 10 and 11 instead of day, September 10 and 11 instead o Wednesday and Thursday, Septembe wednesday and Thursday, September 11 and 12 as previously planned. The announcement of the change of dates was made today by C. J. Jackson, state campaign director at Nashville, on authority of it. H. King, campaign director for the southeastern department with headquarters in Atlanta. The Chattanooga conference will bring together approximately 890 of the leading business and professional men of Tennessee interested in fur-thering the welfare work among the American soldlers and sailors at home and abroad. There also will be pres-ent a number of leading women of the state representing the Y. W. C. A. and representatives of the war camp community service and American Li-brary association which are co-operat-ing with the Y. M. C. A. in the national campaign to raise \$133,500,000 for this army and navy welfare work. rs of national prominence will address the conference in Chattanooga

MICHIGAN SERGEANT WITNESSES CONFLICT FROM SHELL-PROOF TOWER

With Group of Runners, Grand Rapids Man Holds Observation Post in Juvigny Throughout Raging Battle of Four Days.

with a roof six feet thick and the sides four feet. In addition to a telephone, Sergt. Croshaw had seven runners. The tower exit faced the Cerman lines and the enemy machine gunners opened fre every time an individual was sighted but none of the runners was lost. When Sergt. Croshaw reached the tower be found a dead German at the entrance but before he could bury the body the shelling started. The first day the American runners crawled back and forth into runners crawled back and forth into the tower entrance over the body of the dead German, the Americans final-

ly burying it beneath the entrance. Sergt. Croshaw watched the Americans cross the veritable sea of barbed wire net work on Sunday afternoon while the Americans were eastward bound. He saw his countrymen cross trench after trench by bounds until he wondered hew infantrymen stood the strain of shells and machine gun fire. Time and again advancing infantrywondered hew infantrymen stood the strain of shells and machine gun fire. Time and again advancing infantrymen were compelled to halt and cut or break down wire entanglements. Men ahead were supplied with wire cutters to complete the job started by the artillery. Many trenches crossed were so wide that the advancing soldiers were compelled to take them on a running jump or go down on one side and up the other.

Surich.—(Copyright, N. Y. World.)—The Austrian provincial newspapers continue to publish items of news which, throw a striking light upon the collapse of authority and the misery and distress of the population.

The Siecenski Narod says the Hungarian Slovenes have passed a golemn resolution in which they declare themselves now sufficiently strong to shake

with the American Army in France, Sept. 3.—After four days and nights spent in an observation post in the region of Juvigny, Sergt. Ir. Croshaw, of Grand Rapids, Mich., returned today to American division headquarters after having witnessed trually all of the American daylight action since the attack on the plateau began last Wednesday morning.

The observation post commands a view of the country for miles around and is a shell proof tower of concrete and steel rails built by the Germans with a roof six feet thick and the sides four feet. In addition to a telephone, Sergt. Croshaw explained owing times, Sergt. Croshaw explained, owing cautioned them not to give the names of units even if they happened to know them, in the event of being taken prisoner.

without it. I am in a position to testify for the advantage of others, to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recommend Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions."

Dr. T. Alphonsus Wallace, a physician of many years' experience in this country and abroad, says: "I do not make a practice of recommending advertised medicinal products, but I have found Nuxated Iron so potent in nervous, rundown conditions that I believe all should know of it. The men and women of today need more iron in their blood than was the case twenty or thirty years ago.

This because of the demineralized diet which new is served daily in thousands of homes and also because of the demands.

Wille have it rereased the ir strength and two weeks' time on durance in two weeks' time while t ak in g it on in the proper form. Many an athlete and prize and

choly. When the Iron goes from the blood of women the roses go from their cheeks. Tota should supply the Iron deficiency in your blood by using some form of organic from Nuxated Iron—Just as you would use sait when your food has not enough sait."

me endurance such as
I never hoped to
again possess."

United States Judge George W. Atkinson of the Court of Claims of Washington, D. C., says: "It is without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labors have permitted the system to become debilitated, the body exhausted or the nerves run down. It has restored my appetite and my vitality. I steel that I have dropped off the burden of months of toil in the few weeks that I have been following the very simple directions for the use of Nuxated Iron."

Former United States Senator Chas. A.
Towne says: "Recently I have been taking Nuxated Iron and have found it of the greatest benefit as a tonic and regulative. Henceforth I shall not be without it. I am in a position to testify for the advantage of others, to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recom-
